

Here are some useful websites you can visit to support your home learning:  
<https://www.teachingpacks.co.uk/the-home-learning-pack/>- Here you'll find a variety of free fun activities(Maths, English and Science).

<https://www.primarygames.co.uk/pg2/splat/splatsq100.html>- for learning numbers to 100 and counting in 2 or 5s or 10.

<https://www.topmarks.co.uk/mathsh><https://www.teachingpacks.co.uk/the-home-learning-pack/?-games/hit-the-button-> to practice adding.

<https://www.bbc.co.uk/bitesize/subjects/z6svr82-p>  
Here you will find a lot of activities to support children's learning in Science.

**English:**

Write as many sentences as you can using the adjective, 'wonderful'.

Make sure you use capital letters, full stops, and finger spaces.

**Challenge:** can you use, 'but' or, 'because' in some of your sentences?

**Example:**

Last Tuesday my mum and I cooked a wonderful fish pie for dinner, but we could not eat it all because it was so big.

**Maths: Measuring using nonstandard units:**

Use your feet to measure the distance from the kitchen to the front door or to the Livingroom or the lengths of the corridor. How many feet is it? Can you measure it in any other way? Ask someone else to measure it with their feet, do you get the same results? Why do you think you do not get the same results?

**How many ways can you make 20 by making 10 first?**

Example:

$6+4+10=20$  Or  $9+3+7$

Challenge: Can you make 20 by subtracting?

**Materials Hunt**

Have a hunt around your house and see how many things you can find that are made from these materials:

glass	plastic	metal
wood	fabric	stone or rock

**Challenge**

How many things can you find that are made from more than one material? Write them here and say what materials they are made from.

**Go on a number hunt.**

**How many numbers can you find?**

Write down all the numbers you find. Can you write them in words?

Learn to spell these words:

today, said, some, children, house, school
