

Winterbourne Nursery and Infants School

Year One Weekly Learning 17th April 2020

Dear children and parents,
please find some activities to keep you entertained.
Learn/write new rhymes/songs/dance and take
photos for our website.

Take a ruler and measure the length and height of 5
objects around your house/garden. Then, write sentences
about it. For example: The table is 100cm long. The table
is 70cm tall. Remember we use **long for the length** →

and we use **tall for height** ↑

To make your own ruler

Spellings

Common exception words

once one ask friend school put push pull full our
house some

Can you learn these?

Spell these?

Write these?

Can you put each in a sentence and write it?

History:

NHS

**Can you find out as many facts about our
National Health Service?**

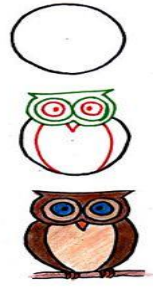

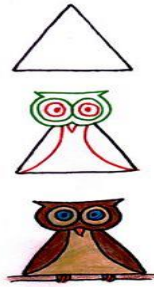

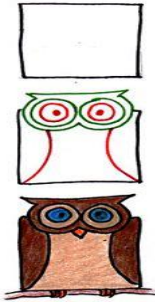

Who works there? What do they do?

**Draw a poster and complete a presentation to
your family of what you have found out**

Ask an adult to put 3-5min timer on their phone or
computer [https://www.online-
stopwatch.com/bomb-countdown/](https://www.online-stopwatch.com/bomb-countdown/)

Art: Can you draw an owl using a shape?

Draw a big 50 (or 100) grid with chalk on the pavement outside or on a big piece of paper inside (you can sellotape 25 sheets of paper together and split each one in two parts). Jump backwards from 50 to 1. Then, jump backwards in 2's from 50. After that, jump backwards in 5's from 50. Finally, play with a sibling or an adult. Both start on 50, roll two dice, jump that amount, the first who arrives at 0 wins the game.

If you do not have dice, make them with an adult by watching this video: <https://www.youtube.com/watch?v=V7yaAMeAwys>
