

# MiniMusic Online learning

## Week 1

1. First watch the first video for years 1 and 2 from Croydon Music and Arts:  
- <https://www.cma-online.co.uk/making-music> password: makingmusic123
2. See what you can find in your house to play along with the beat in the Cobbler song. Here are some ideas:
  - find an empty container and put some rice or pasta in to make a shaker
  - plastic tubs and spoons can make a drum
  - empty tubes can make finger drums, or fill them with rice to make a shaker
3. Listen to some music and see if you can find the beat. Play along with it, or see if you can make up a dance.
4. Write a story or poem about going out for a walk with your family. What might you see or hear? What do you like, or what might happen?
5. If you have a brother or sister see if you can teach them the Music Makers song. What ideas can you think of instead of clapping your hands?

Message from Mrs Elliott: Hello everyone! My Croydon Music and Arts team members and I have been finding musical activities for you to try and we have been making some videos for you. I hope you enjoy your music this week. We are looking at ways you can send your work to us soon as I would love to see some of your poems, pictures and music work.
