

# Winterbourne Nursery Weekly Home Learning

Friday 8<sup>th</sup> May 2020

We hope that you and your families keep safe.

At this time, we want you to know how much we appreciate all of the children's talents. So online you can look at our virtual portal, where we can virtually send messages to you! We would love to hear from you, so please use the links on the website.

## Physical

How can we make sure our hands are clean? Sing a song while you wash your hands?

'Wash the dirty hands, Wash the dirty hands

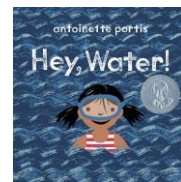

Soap and water, soap and water

## Literacy

Story of the week-

**Hey Water- By Antoinette Portis**

Relating to water and rain. Ask your child if they can hear the first sound in these words.

Drop, Splash, Cup, Jug, Turtle

## Maths - Capacity

Look at a bucket, how many cups would it take to fill it? Can you count them?

### CHALLENGE

But how many spoons would it take to fill a cup?

Using language like;  
**more, less, full and empty**

## Communication and Language

Children ask so many questions, but this is how they learn. To help your child understand what questions are, ask them questions that begin with;

**Who, what, when, where and why!**

Relate your questions to the book, 'Hey Water'.

Have a look on the website for our 'Song Time song of the week'

What did you do that was fantastic this week? Email us with what you have done at home
