Science- Plant

Grow your own bean plant

Last week you learned about the life cycle of a bean plant. This week try and grow your own bean plant! Keep a diary to note and draw what happens.

You will need

A few beans (any type- green beans, black eyed beans, pinto beans, kidney beans, broad beans etc)

Paper towel (kitchen roll)

Plastic bag

Method

1. First fold up the paper towel so that it fit easily inside the plastic bag.
2. Next wet (**NOT** dripping wet) the paper towel and place it inside the plastic bag.
3. Then place the beans on the wet paper towel.

4. After that seal the plastic bag shut and put it to one side.

5. Finally wait and see what happens.

What do you notice after a few days/ after 2 weeks?

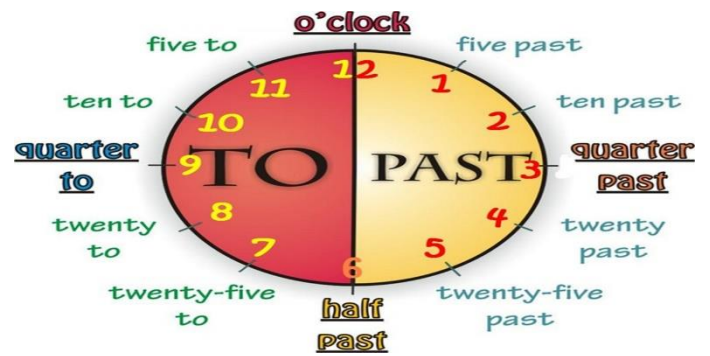

History- Amy Johnson

In history we learned that Amy Johnson was the first woman to fly solo from the UK to Australia.

This week your task is to research the history of aviation. When and what were the first types of airplanes? What type of aeroplanes have we got now? Useful websites:

Telling time

Draw some blank clocks (or you could even make one using a paper plate). Show the following times on the clocks.

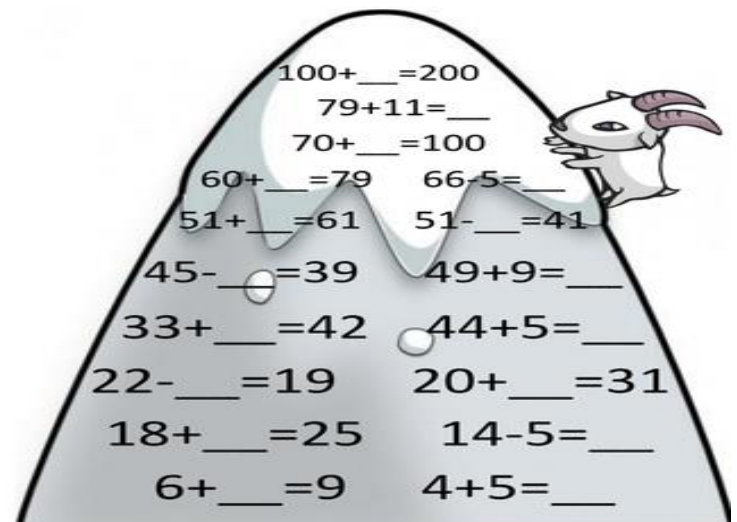

- Half past 3
- 11 o'clock
- Quarter past 8
- Quarter to 2
- Twenty-five past 10
- Twenty to 6
- Five past 7
- Ten past 2

Think carefully where the hour hand (short hand) and minute hand (long hand) need to be placed.

Missing number calculations

Addition – column method

Have a go at these sums. Remember to first organise the tens and one and begin with the larger number. Add the ones column before adding the tens column.

$$23 + 35$$

$$16 + 13$$

$$67 + 11$$

$$13 + 81$$

$$46 + 22$$

$$54 + 20$$

	1	4		5	2
+	2	3	+	4	1
	3	7		9	3
