

Winterbourne E.L.P

05.06.20

Hello everyone! We hope you are all keeping well.

This week we are focusing on turn taking.

Gina Davies explains Stage 3 of Attention Autism; Come and have a turn.

tE

In the next video, Stages 1, 2 and 3 are demonstrated and the opportunity to 'come and have a turn' is introduced.

I suspect that fizzy vitamin C tablets were used to create the 'jumping bunnies' effect!

Sometimes we want to turn take with different types of equipment such as a scooter, a toy car, or a favourite toy. How do we help our children understand that they need to wait, or that it is someone else's turn?

In the Winterbourne ELP we use a turn taking song to help the children understand and accept turn taking.

Here is the link so you can see how it's done.

Q

My turn your turn we can share,

My turn your turn then it's fair.

Have a turn it's fun to do,

Then it's time for someone new

My turn your turn we can share,

My turn your turn then it's fair.

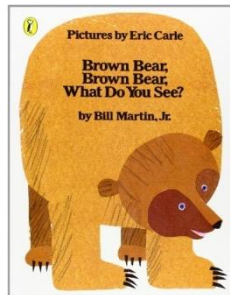

(to the tune of Twinkle Twinkle Little Star)

We have a new drama game on our channel, showing **Rainy on You**, which is a lovely Stage 3 activity, encouraging joint attention and anticipation.

W

This week we have also posted one of our favourite stories, **Brown Bear Brown Bear**, on our Youtube channel.

Why not watch it with your child and maybe join in with some of the signs and animal noises!

Have fun and please let us know how you get on.

Stay Safe!
