

It was the moment they had been dreading for decades: the volcano had finally erupted! The earth shook, as golden, fiery lava spread everywhere. Clouds of smoke filled the air...

Use the picture and the story starter to answer these questions:

1. Where in the world might this volcano be?
2. Do you think this volcano has ever erupted before?
3. How do you think the setting looks? Describe it using adjectives.
4. Does anyone live near the volcano?
5. How might the people be feeling?
6. Why do you think this?
7. Where might the people need to go to for safety?
8. Do you think anyone gets hurt in this story?
9. Does anyone help?
10. How long does the volcano erupt for?
11. How do the people feel when the volcano finally stops?

Creative writing!

Use your imagination to write the rest of the story.

What title will you give your story?

Challenge yourself to write a blurb for it!

Word of the Week!

panic-stricken

It means: Terrified, afraid, scared witless

Can you use this word in a sentence?

Grammar

Speech marks are used around the words in direct speech.

"When does the match start?" asked Tom.

"At one o'clock," Dad replied.

"I can't wait!" Tom exclaimed.

Have a go at writing these sentences using speech marks and the correct punctuation.

It is such a wonderful day exclaimed Zainab

What is your favourite colour asked Sophie

Oh no shouted Hassan

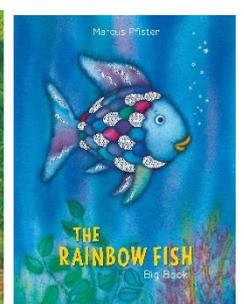

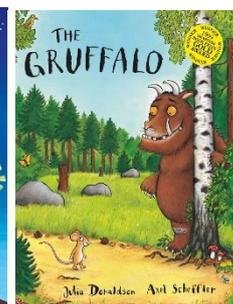

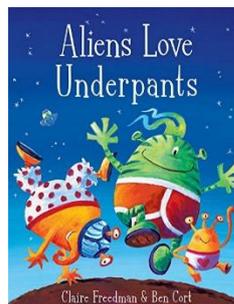

Shhh be quiet whispered Billy

Front covers

Which of these front covers is your favourite? Why?

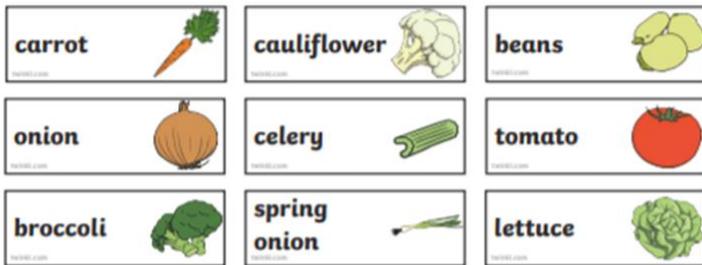

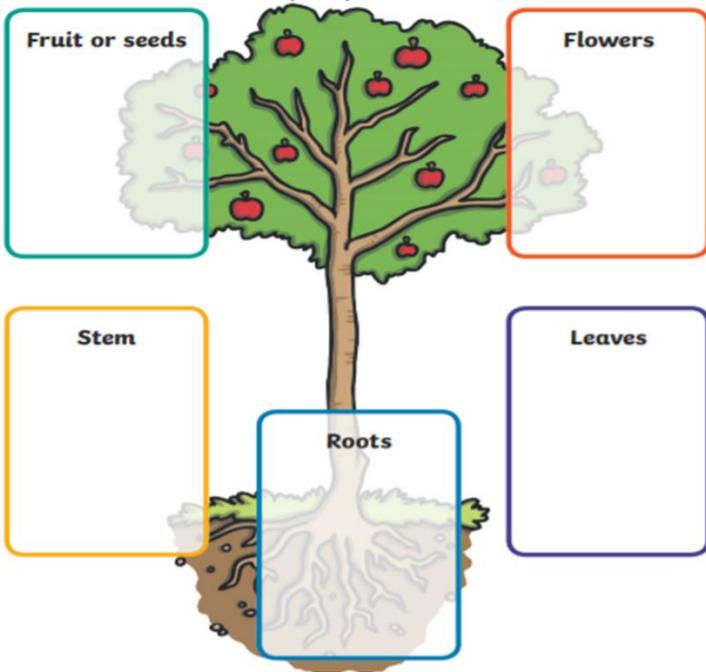

Pick one of these stories and design a new front cover for that book!

Science- Which parts of plants can we eat?

<https://www.youtube.com/watch?v=NeWemluBxVw>

Watch the video on the different parts of a plant that we can eat. Put the fruit and vegetables in the correct place.

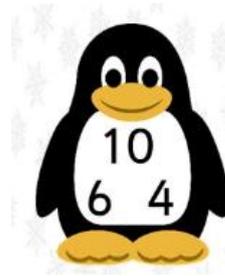

PSHE- safety

It's very important to make sure that we're always staying safe. This includes staying safe at home. **Can you spot the different dangers in this picture?** Make a list of the different ways you can keep safe in the different rooms in your house.

Maths – Fact families

Using these three numbers I can make two addition and two subtraction sentences

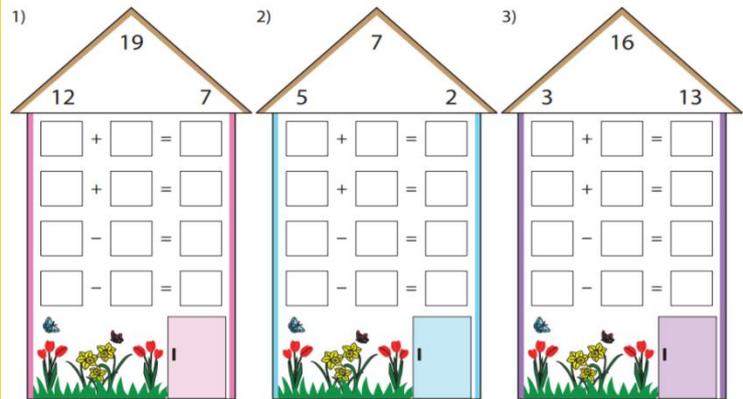

$$6 + 4 = 10$$

$$4 + 6 = 10$$

$$10 - 4 = 6$$

$$10 - 6 = 4$$

Use the numbers below to make fact families.

We can make fact families using the division and multiplication calculations.

2, 3, 6

$$2 \times 3 = 6$$

$$3 \times 2 = 6$$

$$6 \div 2 = 3$$

$$6 \div 3 = 2$$

Have a go at making division and multiplication fact families using these sets of numbers.

Have a go at using other numbers.

Division
