

## PSHE

Make a poster to help astronauts stay friends while on the Space Station.

How would you look after an alien who landed in your garden?

**VOCABULARY YOU MIGHT USE** – can you find out what each word means?

shuttle	orbit
rocket	astronaut
alien	phase
gravity	moon
planets	launch pad
star	Space Station

## HISTORY

Find out about animals in space.

Research and write about the first moon landing.

Make a timeline of astronomical

## GEOGRAPHY

Draw a map of the planets in order and name.

Identify on a world map where space rockets are launched from. Use Google Earth to look around.

Choose a planet and create a fact file or a top trumps card about it.

**SPACE**– try and choose at least one thing from each box

## MUSIC

Listen to The Planets by Holst.

Use your body to create a space themed tune or rhythm.

## CREATIVE

Create a solar system.

Make a space junk model.

Make a collage of a planet.

Design a suit for an astronaut.

## SCIENCE

Draw and describe the different phases of the moon.

Design a healthy meal for an astronaut.

Use an empty pop bottle and make a rocket.
