

Story starter

They had always been together, for as long as he could remember. They had always been the best of friends. She had taught him everything he knew, relentlessly preparing him for life in the outside world. This was the moment they had both been waiting for...

Use the picture and the story starter to answer these questions:

1. How did their friendship start?
2. Where do you think they met?
3. Why have they become such close friends?
4. What do you think the girl has taught the giraffe?
5. What has she been preparing him for?
6. Where do you think she is leading him?
7. How do you think they are both feeling?
8. Do you think they will ever see each other again?

Creative writing!

Use your imagination to write the rest of the story.

What title will you give your story?

Challenge yourself to write a blurb!

Word of the Week!

bellowed

It means: Shouted in a loud deep voice

Can you use this word in a sentence?

Grammar

<https://www.youtube.com/watch?v=6KSKrpu1cu8>

Watch the video to find out more about **compound words**.

Use the picture clues to work out the compound words.

	+		=	_____
	+		=	_____
	+		=	_____
	+		=	_____
	+		=	_____

Have a go at making picture clues to represent these compound words: popcorn, fireplace, snowflake, and blackberry.

Sick sentences!

This sentence is 'sick' and needs help to get better. Can you help? Could you add an adverb? Could you extend the sentence? You could improve the adjectives! Do not forget to check the punctuation!

mi best frend is so funny she is nice she is kind

Science- seasonal changes

<https://www.youtube.com/watch?v= lmoTigZgzg>

Watch the video clip to find out about seasonal changes.

Do some reaseach about the seasons. Can you write a list of the features of each season? Include changes to do with:

- The weather
- Trees and plants
- Animals and living things
- The length of days

PSHE

It is summer and the weather is getting much warmer!
It is important to keep ourselves safe in the sun. Can you make a poster to help others stay safe when it is sunny? What top tips will you put on your poster?

Sun safety for summer

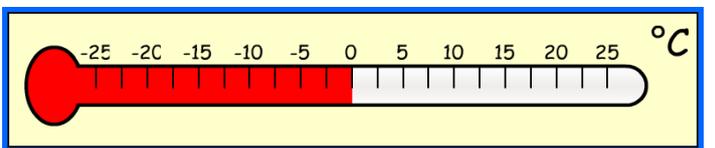

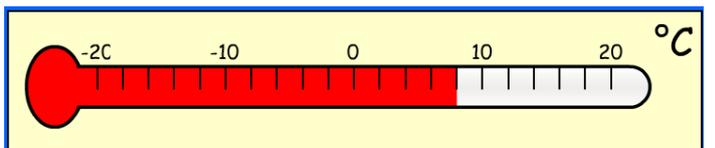

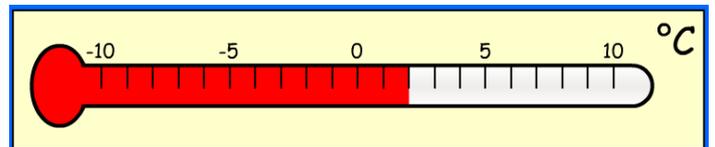

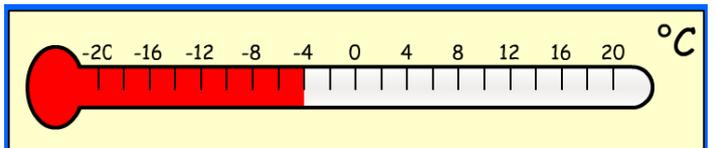

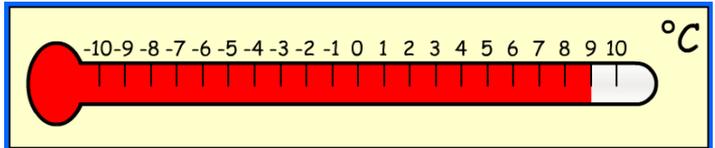

Maths – measuring temperature

<https://www.youtube.com/watch?v=K2CH1cUkMgs>

Watch the video to find out more about **thermometers** and **measuring temperature**.

Read and record the temperatures shown on the thermometers.

Which thermometer shows the warmest temperature? Which shows the coolest temperature?

Can you find out the temperature today?

Multiples

<https://www.topmarks.co.uk/times-tables/coconut-multiples>

Have a go at working out the multiples of 2, 5, 10 and 3.

MULTIPLES

A multiple is the result of multiplying one number by another. For example, $3 \times 5 = 15$, 15 is a multiple of 3 and 5. You can also say that 3, 6, 9, 12, etc are multiples of 3.
