

Story starter

With a frantic flutter of her wings, she hovered for a fraction of a second before landing gently. Beneath her she could feel the softness of the feather, and as she walked tentatively across it the long, white strands parted.

Her shell was as red as a post-box, and she had a small, circular black dot on either side. She considered herself to be the most beautiful creature in the entire garden!

Word of the Week!

enquired

It means: Asked, questioned

Can you use this word in a sentence?

Maths – Bar models

<https://www.youtube.com/watch?v=7ozUR6Rf10U>

Watch the video to find out more about bar modelling.

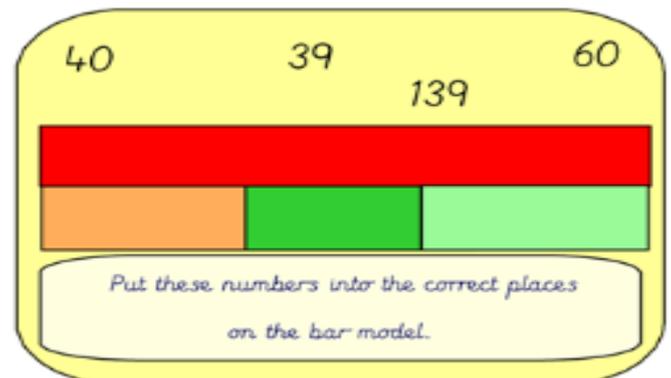

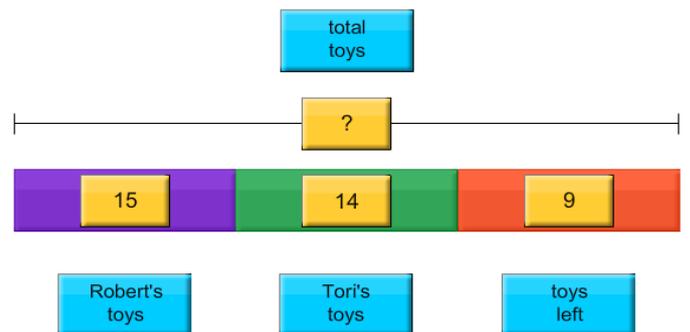

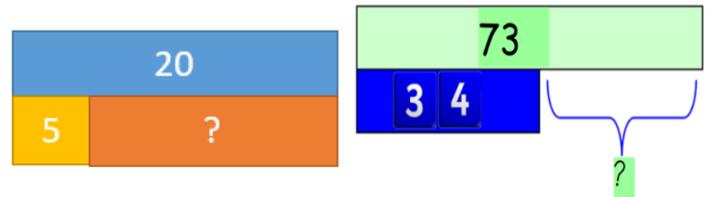

Bar models are similar to the part-part-whole model.

Part + part = whole

Or

Whole – part = part

Have a go at working out the missing totals or parts using these bar models.
