

Year 1 Newsletter

Friday 25th September 2020

We understand it is very different this year as you have not got the same contact with your child's class teacher. In order to ensure that all parents are able to make contact with their child's teacher so we have a dedicated email address which will enable that communication. Please ensure that you include your child's name, class name, Teacher's name and your question/ enquiry.
The email address for Year 1 is: Year1.Teacher@winterbourne-inf.croydon.sch.uk

Vocabulary

Magnificent – Extremely beautiful or impressive. Something that is excellent.

Natural – existing in nature not made or caused by humans

Literacy

This week we are continuing to look at our story "Bee and Me".

We will be imagining that we are the little girl from the story and thinking about what she would see, hear, smell and feel. We will use these ideas to create postcards.

Things you could do at home

Take a moment to stop and notice the things around you. Ask your child, What can you smell, hear, see and feel? How does this change during different parts of your day?

Reading in Year 1

We hope you have enjoyed reading at home this week!

Remember to return your reading records every Friday morning so that they can be changed

Thank you to all of the parents who attended our phonics session on Tuesday. If you have any questions about the session, please email us.

Important messages

Please make sure that you check your child's book bag each day for any letters or important information.

If you send a relative or family friend to pick up your child from school, please ensure that you have let the teacher know prior to this by phoning the office or emailing them.

020-8689 7684
office@winterbourne-inf.croydon.sch.uk

Please make sure that you pick up your child promptly at the end of the day and stay behind the cones to ensure the safety of other parents and staff.

Maths

We will be looking at how to find one less and comparing different groups of objects to see which has more or less.

School Jam

This week's homework is called "Race to 10". It's a fun game using coins to count. Are there more heads or tails?

Things to do at home

You can create different groups for things you have around the house and discuss them with your child. How are they different? How are they similar? Which group has more? Which group has less?

Attendance

w/e – 18/09/20

Kerr: 82.5%

Browne: 84.4%

Rosen: 83.5%

Art

Next week is art week!

Thank you so much for your recyclable donations!

We will be spending the week creating recyclable art based on the works of this term's artist Yuken Teruya.
