English

This week in English we continued to read 'George's Marvellous Medicine', made our own magic potions/ medicines and wrote the recipe for it. Next week we will be editing our work to create a final published recipe. We will also be learning about the four different sentence types: statements, questions, commands and exclamations.

How you can help at home:

Discuss the story with your child. What did they like about it? What didn't they like about it? Would they have liked a Grandma like George's? Why? What would they have done if they were George?

Maths

This week in Maths we learnt that when adding, number sentences can be commutative e.g. $5+6=11$ and $6+5=11$. We also compared addition number sentences using the greater than and less than signs e.g. $10+2$ is greater than $9+1$. Next week we will be adding 10 more using the column method

How you can help at home:

Encourage your child to find any numbers that make up numbers between 1- 20. Can they write the commutative number sentence?

	1	4
+	2	3
	3	7

Spellings

Every week the children will take part in a spelling test. The spellings we will be sending home are the words the children should know how to automatically spell by the end of Year 2. The children will practise their spellings on a Monday (this is a good way for them to see the words they need to work on) and then their formal test will take place on Friday.

You will find the spellings for their test next week Friday below:

Year 2 Spellings:

everybody, father, floor, water, move, improve, only, people, whole, sugar

Lewis Year 1 Spellings:

hunting, hunted, hunter, buzzing, buzzed, buzzer, jumping, jumped, jumper, cracker

Good luck!

Home Learning

Every Friday your child will come home with either an English, Maths or Reading Comprehension home learning book. Every week on this newsletter we will identify the pages your child needs to complete. The home learning, we set will reflect the skills your child has learnt in class that week. We kindly ask that once your child has completed the work you go through the answers with them (you will find the answers either in the middle or at the back of the book) and return it back to your child's class teacher on **WEDNESDAY**.

Year 2 - This week your child is bringing home English. Please complete pages 8 and 13 **only**.

Lewis Year 1 - This week your child is bringing home English. Please complete pages 2 and 3 **only**.

Reading

The children are bringing home the book they read with an adult x3 a week. These books need to be returned to school on **WEDNESDAY** and your child will take their new book home on **FRIDAY**. To ensure the books are returned back to school please teach your child to put the book straight into their school bag once they have finished reading it.

Thank you.

Happy reading!

Words of the week

devastated

This means: to cause someone overwhelming shock or grief.

unique

This means: being the only one of it's kind.

Can you use these words in a sentence?

Arithmetic

Every Monday and Friday your child will complete a mental arithmetic test to develop their mental maths skills. When they complete the first test which will take place every Monday, the adult in class will teach the children what method they need to use to work out the answers. Your child will take this test home. **Please encourage and support your child to practise the questions they have completed incorrectly.** Your child will retake the same test on Friday which the class teacher will keep in school.

Attendance w/e 08/10/2021

We will continue to monitor attendance. The class with the best attendance each week will receive the attendance cup!

Andersen class – 90.9%

Carroll class – 90.6%
