Sea / Oceans

L.Q. Can I explain the impact of pollution on the environment?

TP: What are human and Physical features of a coastline?

Can you think of any nphysical and human features of coastlines in the UK?

L.Q. Can I explain the impact of pollution on the environment?

Today we will be talking about how people can affect the local environment that they live in and how we can protect our oceans.

On your tables there are some examples of common litter we might find on UK streets.

TPs - 'What material is this? How might this litter hurt an animal or the environment? What might happen if people carry on leaving their rubbish on the seashore?'

L.Q. Can I explain the impact of pollution on the environment?

TP: How can we stop people leaving their litter? How can we protect our environment?

Let's look at the PPT to see how we can help.

L.Q. Can I explain the impact of pollution on the environment?

TASK 1

5 Ways I Can Help Our Earth

Three empty rectangular boxes provided for writing or drawing the five ways to help the Earth.

Sort the 'rubbish' on your tables into the labelled baskets for recycling.
Then write or draw '5 ways you can help the Earth' using the template provided.

L.Q. Can I explain the impact of pollution on the environment?

TASK 2

<https://www.youtube.com/watch?v=Fex-wvrOZf4>

Create a POSTER telling people how to save the Earth.
