

WB Monday 23rd September 2024

LQ: Can I recognise technology?

Steps to success

I can suggest what might have a computer inside

I can explain why I think this

I can suggest what the technology does

LQ: Can I recognise technology?

STAR WORDS

digital

battery

screen

photo

technology

wires

tablet

camera

computer

electricity

LQ: Can I recognise technology?

Lets recap our learning

TPs:

What did you do last lesson?

What are the features of a computer?

LQ: Can I recognise technology?

Today we are going to identify some of the things computers have?

TP:

What type of things do you think computer has to make them work?

Computers have some of all of these things:

Screens, wires or batteries and buttons.

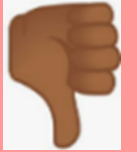

LQ: Can I recognise technology?

TP:

Which of these items have a computer inside? How do you know?

Self Assessment

Do you understand that some digital things have computers inside?

Alarm

Toy camera

Teddy bear

Tablet

Remote control car

LQ: Can I recognise technology?

WE ARE GOING TO GO ON A TECHNOLOGY HUNT!

We are going to walk around the school, on your activity sheet you and your partner are going to write down anything you see that have technology inside it.

Self Assessment

Do you understand what to do?

Now that we have gone on our technology hunt, have a look at your list

TPs:

How many items of technology did you find?

How do you know what you found has a computer inside?
