Revisit

TPs: What is a portrait?

A portrait is a picture of a person or a group of people.
Images of faces are called portraits.

Self assessment

Do you understand what a
portrait is?

Revisit

TPs: What are facial features?

Stem sentence:

Facial features are...

Facial features are the main parts on the front of the face.

Let's name the features.

Self assessment

Do you understand what facial features are?

Revisit

Let's recap what lines are.

[Kindergarten Elements of Art: Lines & Colors - YouTube](#)

A line is a mark made by a drawing tool or a brush.

Lines can go in any direction – vertical, horizontal and diagonal.

Note: This is a lone video. Start from 55 seconds to stop at 3.25 seconds.

Self assessment

Do you understand what lines are?

Today we are going to draw a portrait using different lines.

Let's explore some lines we see on these portraits.

TPs: What kind of lines
can you see?

straight zig-zag curly
dotted wavy vertical
diagonal horizontal
dashed bumpy spiral

Let's explore some lines we see on these portraits.

*TPs: What kind of lines
can you see?*

straight zig-zag curly
dotted wavy vertical
diagonal horizontal
dashed bumpy spiral

Task

Draw a portrait in your book using different lines. You can decide how much of the body you want to draw. Write a sentence describing the lines you have used. Use the word bank to help you.

I have used _____ and _____ lines.

straight zig-zag
curly dotted wavy
vertical diagonal
horizontal
dashed bumpy
spiral

Self assessment

Do you understand the task?
