

Week 1

Monday 3rd November 2025

LQ: Can I observe seasons and the weather?

Steps to success

All: I can say the names of different weather types.

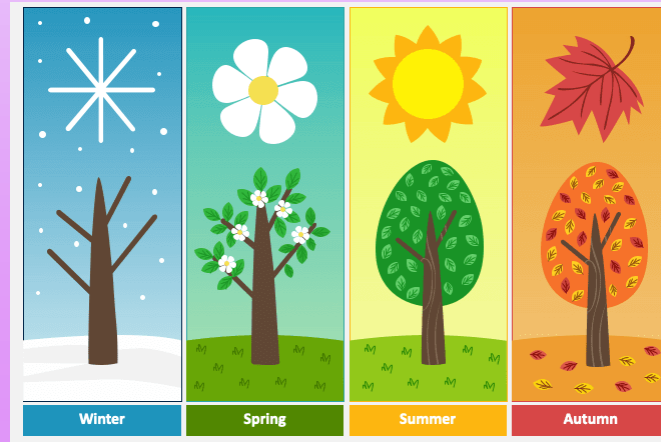

Most: I can describe the weather related to the 4 seasons.

Some: I can ask a question related to weather and seasons.

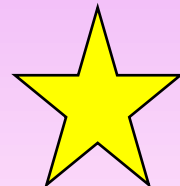

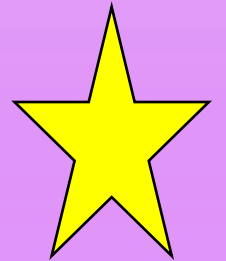

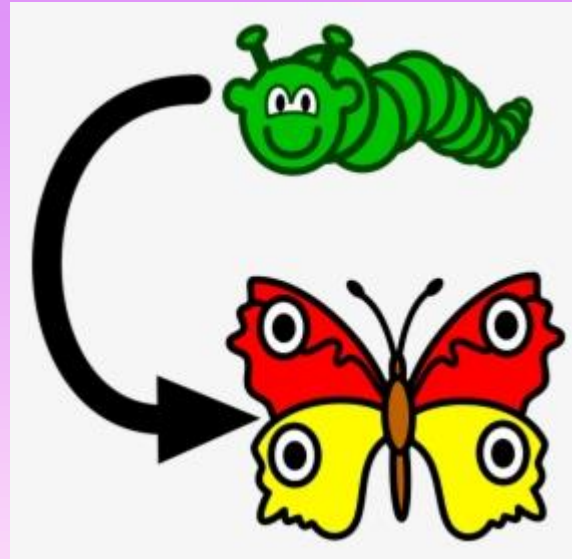

Star words

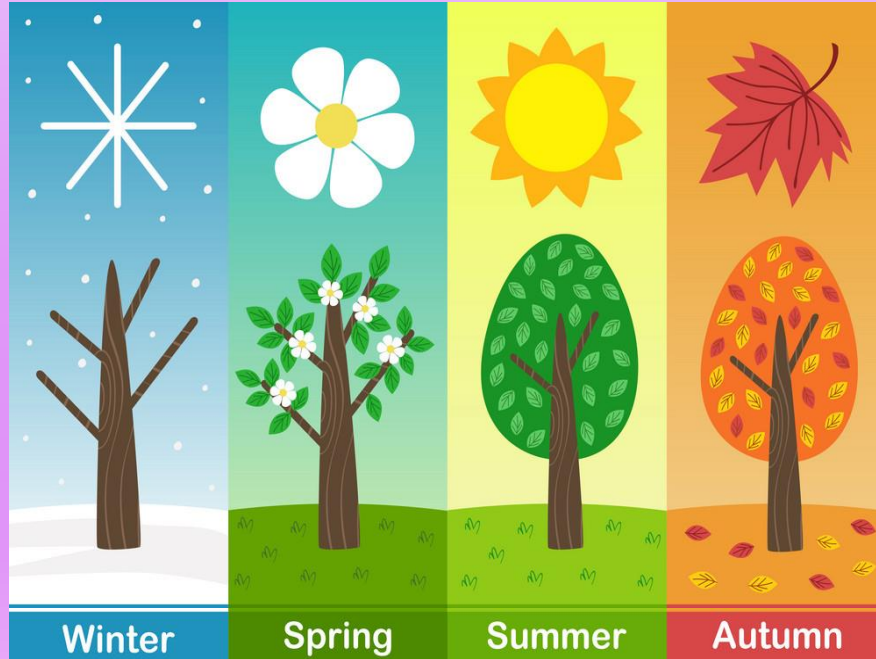

seasons

changes

What do you know about the season?

TP: What are the seasons called?

TP: How many seasons are there?

TP: What happens during each season?

As the year passes, regular changes occur in the weather.

*This cycle of weather changes is divided into **four** parts, known as the **seasons**.*

The four seasons are winter, spring, summer, and autumn.

TP: What season are we in now?

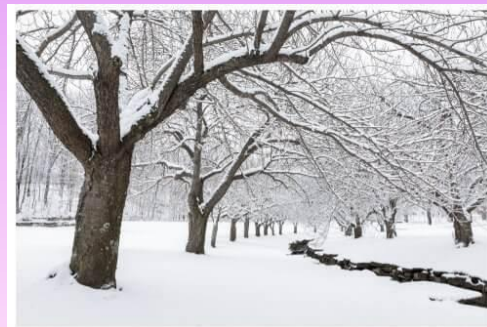

Autumn

*(September, October,
November)*

Winter

*(December, January,
February).*

Spring

(March, April, May)

Summer

(June, July, August)

Weather

TP: What is the weather like today?

TP: What do you know about weather?

Weather

Weather is the way the air and the atmosphere feels. It includes the outside temperature, strength of the wind, and whether it is raining, sunny, hailing, snowing, sleet, foggy, or cloudy. The weather changes regularly and tends to be different during different seasons and across different countries.

Self Assessment

Do you understand different kinds of weather?

TASK 1

We are going to going on an Autumn walk to collect some leaves, look at the weather outside and discuss what we see.

Self Assessment

Do you understand what your task is?

TPs: What did you observe on our walk?

What do you notice about the leaf you collected?

How can you describe the weather today?

TASK 2

Now we are going to stick our leaf in our books and write about what we observed on our Autumn walk.

Stem Sentences:

My leaf is..

The weather today is..

I saw...

Autumn weather is..

In Autumn the leaves..

I am dressed in.. because..

Self Assessment

Do you understand what your task is?
