PSHE

Week 6

Starter

Sit in a circle.

And pass the clap. First person begins a clap. The person next to them then claps. Then the next person claps. Can you pass the clap around the circle? Only one person should clap each time

Monday 6th October 2025

LQ: Can I recognise the choices I make and understand the consequences?

Steps to success

I understand the difference between a good choice and a poor choice.

I can describe the range of feelings when I face certain consequences?

Calm me

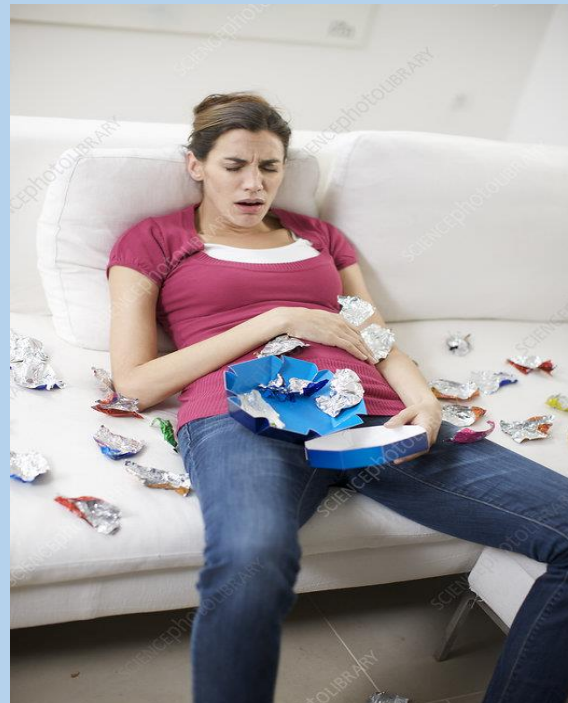

Ring the chime . Stay silent so you can hear
the chime.

Think about a happy place in your
mind.

What does consequence mean?

A consequence is when something happens because of a choice you made.

E.g. I ate 10 bags of chocolate. The consequence of that was I felt sick.

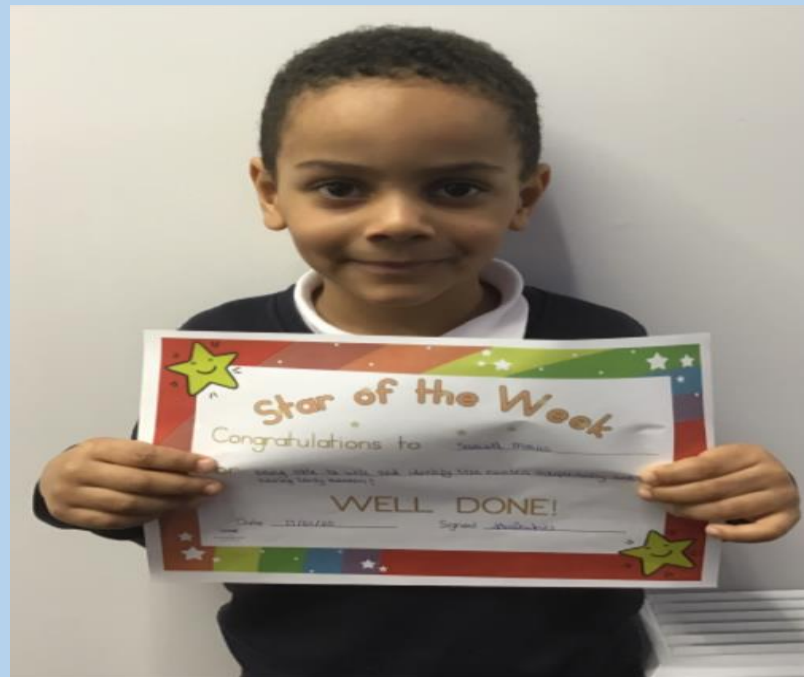

LQ: Can I recognise the choices I make and understand the consequences?

TP: What do you think has happened?

What is the consequence? How do you think they feel?

What will the consequence be?

We have classroom rules. You have a choice to follow them.

There are consequences for your choices.

TP: What will happen if you do not follow the rules?

Self Assessment

Do you understand what consequence means?

LQ: Can I recognise the choices I make and understand the consequences?

Draw a picture of what you think a fair consequence would be? Now write a short sentence, phrase or word explaining the consequence.

How do you think they feel?

Which consequence would you prefer?

Self Assessment
Do you understand the task?
