artist

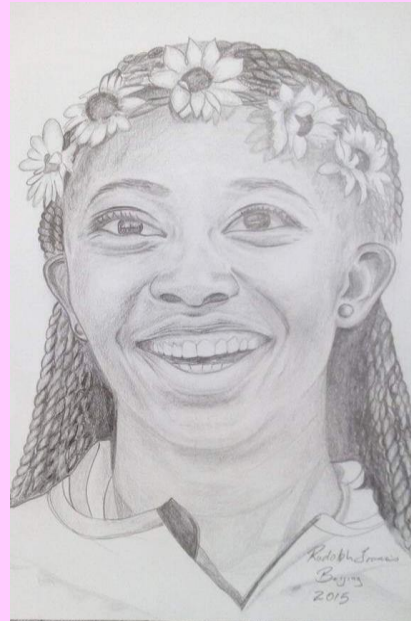

LQ: Can I Comment on my work and the work of my peers and make reference to media and methods?

Recap

TP: What did you do last lesson?

What is a portrait?

Who did you create a portrait of?

Self Assessment

Do you understand what portrait means?

LQ: Can I Comment on my work and the work of my peers and make reference to media and methods?

This week, we will be evaluating the work we created last week. Evaluating means we're going to look at what we did well with our work and what we could have done better.

TP:

What media did you use last week?

What techniques did you use?

How did you shade your portrait?

LQ: Can I Comment on my work and the work of my peers and make reference to media and methods?

It's important that we remember to look at what we would do differently if we do this again. This way, we can learn and improve our artistic skills.

TP:

Would you use a different medium next time?

Would you use different shading techniques?

Would you make a portrait of someone else?

Is there anything else you would have done differently?

LQ: Can I Comment on my work and the work of my peers and make reference to media and methods?

TASK -

What did you discuss?

What are you proud of about your work?

What would you do differently next time?

Self Assessment

Do you understand what you have to do?
