Family

Belong

Same

Different

Calm me

*Ring the chime . Stay silent
so you can hear the chime.*

*What thing that makes you
happy will you think of?*

LQ: Can I identify different types of families?

Monday 20th April 2026

Lets play a game!

With the children seated in a circle, start off by saying, "I'm... and someone in my family is my... (mum, dad, sister, brother etc).

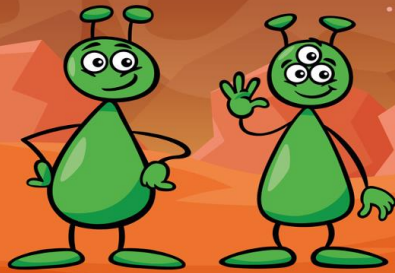

Ask the children to take turns going around the circle and see how many different family members the class as a whole can refer to.

They can include close family, extended family, step family etc.

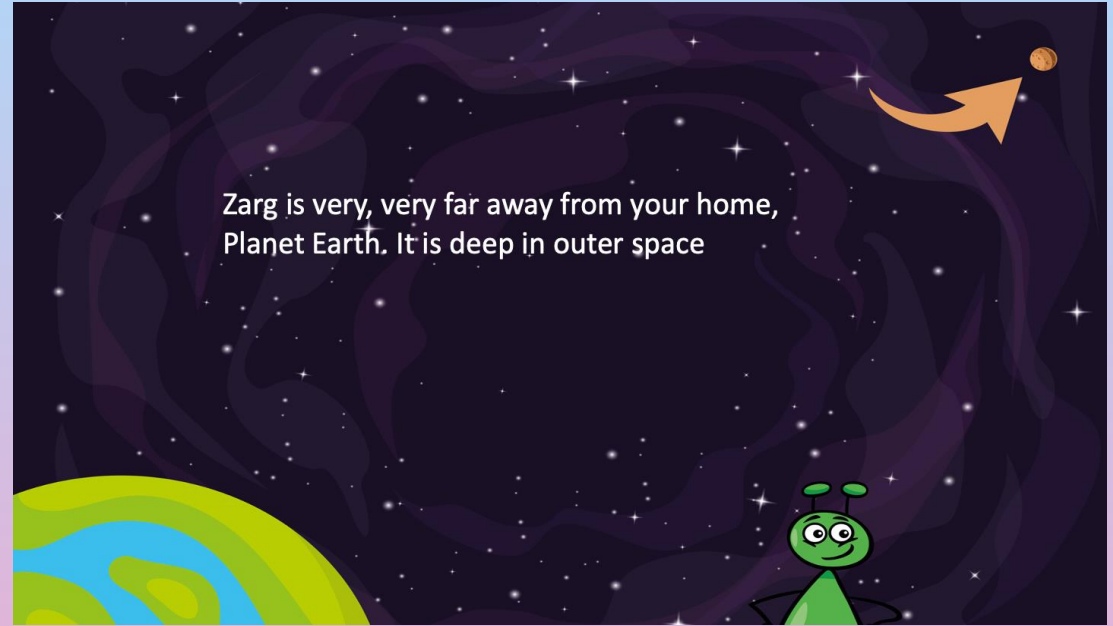

Lets read a story...

Hello my name is Zuton and this is my sister Zanta.
Welcome to Zarg, the planet where we live.

Zarg is very, very far away from your home,
Planet Earth. It is deep in outer space

We have lots of friends and they all have
different sorts of families.

Some of our friends live with their Mum and Dad:
This is Zoret and her parents.

Lets read a story...

Other friends only have a Mum, and some only have a Dad.

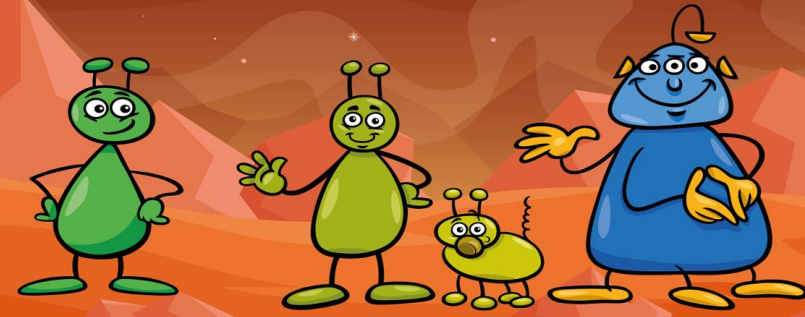

Some Zargon children have two Mums and some have two Dads.

Some Zargon children live with their foster families. Our friends Zollo, Zilla and Zani were adopted by their Mum.

Several Zargon children live with their grandparents and some with their uncles and aunties. Some families don't have grandparents and some have great-grandparents.

Lets read a story...

There are different coloured Zargons in some families. These are our friends, the Zangs.

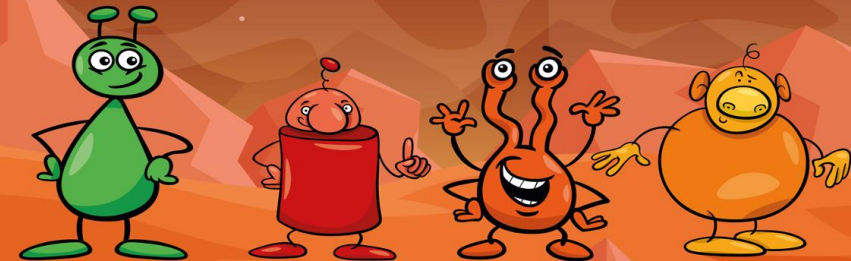

Plenty of Zargon families have lots of children, others only have one, and some don't have any at all.

Some Zargons live by themselves like our Auntie Zeb, others have their pet 'Zings' to keep them company. We don't have any pets, but we keep asking our Dad if we can get one!

A few of our friends have step-brothers and sisters.

LQ: Can I identify different types of families?

Monday 20th April 2026

Lets read a story...

Some Zarg families live altogether, some live apart.

All Zargon families love each other very much.
We like our home and friends!

Is Planet Zarg like your planet?

TP – Are all families the same? Yes or no and explain why.

LQ: Can I identify different types of families?

Monday 20th April 2026

There are different types of families and it is perfectly normal to have a different family from other people.

TP – Why do we have families and what do they do for us and how do they make us feel?

Self assessment

Do you understand that there are different types of families?

TASK

On a piece of paper, draw a picture of your family and label it (e.g mum, dad, sister, cat, dog etc). Share with the class and see how many different types of families there are!

Self assessment

Do you understand the task?
