Enhanced Learning Provision Newsletter

Week beginning 13.11.23

Hello!

This week we will be focussing on circles. We will be drawing circles, printing circles, making circular movements with our arms as we dance and we will be discovering different sized circles all over the nursery.

Maybe you could help your child notice lots of circles at home, (plates, mugs, bottle tops) and when you are out and about (wheels, buttons on machines, traffic lights etc.)
